President's Message

Dear Members,

I am delighted to present this esteemed collection of research papers, compiled from the diligent efforts of our dedicated teachers and talented students. This compilation not only showcases the intellectual prowess and academic curiosity within our organization but also underscores our commitment to fostering a culture of scholarly inquiry and innovation.

The diversity of topics covered in these research papers reflects the broad spectrum of interests and expertise present within our educational community. Each paper contributes to the collective knowledge pool and serves as a testament to the academic excellence that thrives within our organization.

I would like to extend my heartfelt appreciation to all the contributors for their hard work, passion, and intellectual rigor in producing these research papers. I wish you many more such accomplishments on your journey on the path of knowledge and education. Your commitment to advancing the frontiers of knowledge will help for your personal growth in particular and to the growth of your college in general. I congratulate Dr. Kanchan Fulmali, I/C Principal, and all the faculty members of M. L. Dahanukar College for organizing a one day Intra-Institutional Research Conclave on Interdisciplinary Colloquium to Bloom and Blossom into the sphere of research successfully. My Best wishes to all.

**CA Shri. Anil B. Ganu
President
Parle Tilak Vidyalaya Association**

Dear Readers,

As a representative of the Parle Tilak Vidyalaya Association (PTVA), I had the distinct honour of attending the One Day Intra-Institutional Research Conclave titled "*Interdisciplinary Colloquium to Bloom and Blossom into the Sphere of Research*" on 11th March 2024. This conclave was a part of the centenary celebration of the PTVA. I was deeply impressed by the calibre of research showcased and the vibrant atmosphere of intellectual exchange.

Beholding the rich history of the PTVA, spanning a remarkable century, was truly inspiring for everyone attached to this institution. The dedication to fostering a culture of research and innovation for such an extended period is a testament to the vision and commitment of M.L. Dahanukar College and its participants.

The depth and diversity of research topics showcased the conclave's ability to adapt and evolve alongside the ever-changing research landscape. The compilation at hand is a measured collection of all the quality research work.

It was particularly gratifying for the representative to witness the enthusiasm and dedication of the young researchers present. Their innovative ideas and passion for knowledge are the lifeblood of continued progress. The conclave provided a vital platform for these new voices to be heard and nurtured which now finds a documentation in the compilation.

The management team of PTVA is firmly committed to supporting the conclave's continued success, recognizing the crucial role research plays in driving progress and fostering a spirit of innovation within the institute.

Looking ahead to the next research conclave, the representative expressed excitement at the prospect of seeing the conclave reach even greater heights. With its unwavering commitment to research excellence, there is no doubt that it will continue to be a beacon of intellectual pursuit for generations to come.

In closing, I congratulate the organising team of the research conclave, led by I/C Principal Prof. Dr. Kanchan Fulmali, for taking the initiative and organising this wonderful event. The centenary celebration alongside this compilation, is an exceptional display of the conclave's enduring legacy and its immense potential for the future.

Mr. Dhananjay Sathaye
Member
Parle Tilak Vidyalaya Association

Dear Faculty Members and Students,

At the outset, I, congratulate the contributors whose sincere orientation towards quality research enabled bringing out this compilation of works to showcase the research bent in the centenary conclave titled, *A One-Day Intra-Institutional Research Conclave on Interdisciplinary Colloquium to Bloom and Blossom into the Sphere of Research* organised by PTVA's M.L.Dahanukar college of Commerce. To commemorate the centenary of our parent organization, Parle Tilak Vidyalaya Association an intra-college research conclave was initiated in the year 2021. I am glad to write that I could witness this third conclave receiving overwhelming response.

I congratulate the organizing team for taking initiative and organizing this wonderful research conclave under the able guidance of I/C Principal, Prof. Dr. Kanchan Fulmali.

The research colloquium provided a vital platform for promising faculty and students of PTVA's colleges to present their papers and contribute to the academic body of knowledge. It also fostered an environment for interaction, sharing, and learning among the faculty of PTVA's colleges.

PTVA management has always been instrumental in creating a research-friendly environment in our colleges. They have consistently motivated and encouraged students and faculty to participate in research projects. The primary objective of research is to systematically investigate and gain a deeper understanding of a particular topic or issue. While the objectives may vary depending on the discipline and the nature of the research, the overarching aim remains the same: to expand knowledge, solve problems, and make meaningful contributions to society.

It has been rightly said, "Research is no less than creating new knowledge." This is true when the research is original and free from any form of plagiarism. In today's digital age, with an explosion of information on the internet, researchers face the challenge of maintaining originality. It is imperative to avoid easy shortcuts and stick to original ideas, believing in one's own capacity and integrity.

Ensuring the authenticity of research involves maintaining integrity throughout the research process, from conceptualization to publication. Originality is paramount, as it advances knowledge and credibility. Plagiarism undermines this integrity. To avoid it, researchers should properly cite sources, use plagiarism detection tools, and adhere to academic integrity guidelines.

As we conclude this remarkable research conclave, I wish all participants and conveners continued success in their academic endeavors. Let us remain committed to the pursuit of original research and the advancement of knowledge for the benefit of society.

I wish all the participants and conveners of the conference all the very best.

Thank you.

Ms. Janhavi Khandekar

Chief Coordinator

Parle Tilak Vidyalaya Association- Schools and Colleges

Principal's Message

Dear Friends,

As Parle Tilak Vidyalaya Association (PTVA) completes 100 years in 2021, we at M. L. Dahanukar College of Commerce, proudly celebrate the 3rd Annual Research Conclave under the aegis of PTVA. A century dedicated to nurturing young minds, igniting intellectual curiosity, and shaping responsible citizens – a legacy we all inherit at PTVA's M. L. Dahanukar College of Commerce.

This occasion fills me with immense pride, not just as the Principal In-charge of M. L. Dahanukar College of Commerce, but also as someone who deeply cherishes the legacy of the PTVA and its commitment to research.

For a century, the PTVA has been a beacon of education, instilling knowledge, values, and a spirit of excellence in countless young minds. We stand today under the boughs of a magnificent tree – the Parle Tilak Vidyalaya Association (PTVA) – celebrating its 100th year. A century ago, in 1921, this very institution sprouted from a single, humble classroom in Parle. With unwavering dedication to education, it has blossomed into a towering oak, offering its shade, knowledge, and strength to countless students from all walks of life.

The PTVA's story is one of remarkable growth. It has nurtured and empowered generations, fostering not just academic excellence, but also strong moral values and a commitment to community. The PTVA goes beyond academics, fostering well-rounded individuals by encouraging co-curricular activities, sports, and social responsibility. This holistic approach prepares learners to be successful not just in their careers, but also in life.

M. L. Dahanukar College of Commerce stands as a leading force in commerce education within suburban Mumbai. Under the parasol of PTVA, our vibrant community boasts over 5,500 students pursuing a wide range of 11 undergraduate and postgraduate programs each year. We are further distinguished by our Commerce Ph.D. centre, which ignites and shapes the research bent among scholars.

This conclave, a testament to the unwavering pursuit of research, defines the PTVA spirit and brings together the brilliant minds of our Commerce, Arts, and Science faculty members from the colleges under the tutelage of PTVA.

For many years, our esteemed faculty members have been the cornerstones of this institution's success. Your tireless dedication to teaching and, most importantly, to research, has not only expanded the boundaries of knowledge in your respective fields but also equipped generations of students with the critical thinking and problem-solving skills needed to navigate the complexities of the modern world. To our exceptional students, the future torchbearers of research, this conclave is yours to claim. Here, you have the opportunity to engage with the latest advancements, challenge established notions, and embark on your own intellectual journeys. Remember, some of the most groundbreaking discoveries

have their roots in a simple question, a spark of curiosity. Don't be afraid to ask, to explore, and to push the boundaries of your understanding.

This conclave's theme, "*Interdisciplinary Colloquium to Bloom and Blossom into the Sphere of Research*," resonates deeply with the challenges and opportunities of the 21st century. I must congratulate the entire team for their sustained efforts before, during and after the conference in making this conference a resounding success. Their efforts were instrumental in the compilation of the cutting-edge research which will bring to the readers varied developments happening in the different branches of education. This will foster collaboration and interdisciplinary exchanges, thereby developing a holistic understanding of the world around us to create innovative solutions to new problems.

As we celebrate a century of the PTVA's legacy, let this conclave mark the beginning of a vibrant research culture at M. L. Dahanukar Commerce College. Together, let us push the boundaries of knowledge, shape a brighter future, and ensure that the next hundred years of PTVA are even more remarkable than the last.

In conclusion, I profusely thank Honourable CA Shri Anil B. Ganu, President, PTVA, Shri Dilip M. Pethe, Honourable Secretary, PTVA, who are our backbones and support system of such research endeavors. I am indebted to Honourable Shri Dhananjay M. Sathaye, Member, PTVA and Smt. Janhavi Khandekar, Chief Coordinator, PTVA, Schools and Colleges for their gracious support, without which this conclave would not have seen the light of day.

Prof. Dr. Kanchan S. Fulmali
I/C Principal
